Sir:

**RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT**

This is in reply to the above-captioned Notice dated April 16, 2001 indicating the Amendment filed April 12, 2001 is deficient/non-compliant in that it "does not include a marked-up version of the replacement paragraph/section." This is true, since the amendment added headings to be inserted between paragraphs.

In order that there be no doubt in this matter, the requested insertions to the specification are shown in marked-up form attached to this Response. Also included in the marked version attached are the newly submitted claims so that all changes made to the application on April 12, 2001 appear in one document.
